Appl. No. 09/680,349

**PRELIMINARY DRAFT FOR  
CONDUCTING INTERVIEW**

**In the Claims:**

Please amend Claim 1 as follows:

1. (Amended) A gaming device comprising:  
a controller;  
a display device connected to said controller;  
at least one reel displayed by said display device;  
at least one symbol displayed on said reel;  
means connected to the controller for selecting one of said symbols; and  
at least one payable display for said selected symbol stored in said  
controller;  
whereby selecting said symbol causes said controller to cause said  
display device to display a payable display for said selected symbol.

Please amend Claim 2 as follows:

2. (Amended) The gaming device of Claim 1, which includes a plurality of  
reels controlled by said controller and a plurality of symbols displayed on a plurality of  
reels.

Please amend Claim 6 as follows:

6. (Amended) The gaming device of Claim 5, wherein said at least one  
payable display includes a plurality of displays, and wherein each of said plurality of  
displays contains different payable information from each of the other of said plurality of  
displays.

Please amend Claim 7 as follows:

7. (Amended) The gaming device of Claim 6, which includes means for  
selecting one of said plurality of displays.

Appl. No. 09/680,349

**PRELIMINARY DRAFT FOR  
CONDUCTING INTERVIEW**

Please cancel Claim 9 without prejudice or disclaimer.

Please cancel Claim 10 without prejudice or disclaimer.

Please amend Claim 11 as follows:

11. (Amended) A method of providing payable information for a gaming device comprising the steps of:

- (a) displaying at least one symbol on at least one reel controlled by a controller of said gaming device;
- (b) enabling a player to select said symbol; and
- (c) displaying at least one payable associated with said selected symbol when the player selects said symbol.

Please amend Claim 12 as follows:

12. (Amended) The method of Claim 11, wherein displaying at least one payable includes the step of scrolling through a display to an area displaying said selected symbol.

Please amend Claim 13 as follows:

13. (Amended) The method of Claim 11, wherein displaying at least one payable includes a plurality of paytables, and the step of sequencing said paytables according to a sequence contained in said controller.

Please amend Claim 14 as follows:

14. (Amended) The method of Claim 11, wherein displaying at least one payable includes a plurality of paytables, and the step of enabling said player to select a means for sequentially scrolling through said paytables.

Appl. No. 09/680,349

**PRELIMINARY DRAFT FOR  
CONDUCTING INTERVIEW**

Please amend Claim 15 as follows:

15. (Amended) The method of Claim 11, wherein displaying at least one payable includes the step of enabling said player to select one of a plurality of means for selecting a single payable.

Please add the following Claims:

16. (Newly added) The gaming device of Claim 4, wherein said digital input device is selected from the group consisting of: a cursor, a joystick, a mouse, a light pen, a light detector, a plurality of push buttons, a roller, a selector.

17. (Newly added) The gaming device of Claim 16, wherein said selector includes an area of a touch screen connected to said controller, and operable to send an input to the controller.

18. (Newly added) The gaming device of Claim 4, wherein said symbol selection means includes a remote control.

19. (Newly added) The gaming device of Claim 18, which includes a plurality of symbols, and wherein said remote control includes a separate selector for each of said plurality of symbols.

20. (Newly added) The gaming device of Claim 1, wherein said payable display includes payout information for combinations of symbols containing the selected symbol.

21. (Newly added) The gaming device of Claim 1, wherein said payable display includes at least one bonus triggering combination of symbols containing the selected symbol.

22. (Newly added) The gaming device of Claim 1, wherein said payable display includes substitute information involving the selected symbol.

Appl. No. 09/680,349

**PRELIMINARY DRAFT FOR  
CONDUCTING INTERVIEW**

23. (Newly added) The gaming device of Claim 1, wherein said payable display includes scatter pay information involving the selected symbol.

24. (Newly added) The gaming device of Claim 1, wherein said payable display includes multiplier information involving the selected symbol.

25. (Newly added) The gaming device of Claim 1, wherein said payable display includes payout information for the selected symbol.

26. (Newly added) The gaming device of Claim 1, wherein the display device includes a secondary display, and wherein said payable display is displayed on said secondary display.

27. (Newly added) The method of Claim 14, wherein the step of enabling said player to select a scrolling means includes the step of providing a message indicating the next payable in the sequence.

28. (Newly added) The method of Claim 15, wherein said plurality of means for selecting a single payable includes a selector for displaying a payable containing payout information for combinations of symbols containing the selected symbol.

29. (Newly added) The method of Claim 15, wherein said plurality of means for selecting a single payable includes a selector for displaying bonus triggering combinations of symbols containing the selected symbol.

30. (Newly added) The method of Claim 15, wherein said plurality of means for selecting a single payable includes a selector for displaying substitute information involving the selected symbol.

Appl. No. 09/680,349

**PRELIMINARY DRAFT FOR  
CONDUCTING INTERVIEW**

31. (Newly added) The method of Claim 15, wherein said plurality of means for selecting a single payable includes a selector for displaying scatter pay information involving the selected symbol.

32. (Newly added) The method of Claim 15, wherein said plurality of means for selecting a single payable includes a selector for displaying multiplier information involving the selected symbol.

33. (Newly added) The method of Claim 15, wherein said plurality of means for selecting a single payable includes a selector for displaying all payout information for the selected symbol.

34. (Newly added) The method of Claim 15, wherein said plurality of means for selecting a single payable includes an area of a touch screen adapted to send in input to the controller.

35. (Newly added) The method of Claim 13, wherein step of sequencing said paytables according to a sequence contained in said controller includes a timed sequential display of each of said paytables.

36. (Newly added) A gaming device comprising:  
a plurality of reels;  
a plurality of symbols on said reels;  
a display device including a touch screen for displaying said symbols and enabling a player to select at least one of said symbols;  
at least one payable display associated with said symbol; and  
a processor operable to cause the display device to display the payable display for said symbol when said symbol is selected by the player using the touch screen.

Appl. No. 09/680,349

**PRELIMINARY DRAFT FOR  
CONDUCTING INTERVIEW**

37. (Newly added) The gaming device of Claim 36, which includes a plurality of paytables associated with said symbols.

38. (Newly added) The gaming device of Claim 36, which includes a separate payable associated with each symbol.

39. (Newly added) A gaming device comprising:  
a plurality of reels having a plurality of symbols;  
a payable associated with said symbols;  
a display device operable to display said reels, symbols and payable;  
a symbol selector; and  
a processor operable to cause said display device to display said symbols and upon player selection of one of said symbols using the symbol selector, cause the display device to display a part of the payable associated with said symbol.

40. (Newly added) The gaming device of Claim 39, wherein the symbol selector includes a touch screen.

41. (Newly added) A method of operating a gaming device, said method comprising:  
displaying a plurality of reels and a plurality of symbols on the reels;  
enabling a player to select one of the symbols; and  
displaying a payable associated with one of the symbols upon the player selection of said symbol.

42. (Newly added) The method of Claim 41, wherein each symbol has an associated payable.
